**Kenway Consulting Named to Forbes' 2025 List
of America's Best Management Consulting Firms**

CHICAGO, Tuesday, March 18, 2025 – [Kenway Consulting](#) today announced that it has been named to the 2025 Forbes list of [America's Best Management Consulting Firms](#). This is the third year in a row Kenway has been honored with this prestigious award presented by Forbes and Statista Inc., the world's leading statistics portal and industry ranking provider.

The list was determined through a two-step, online methodology of both industry executives and clients. Step one involved a peer-to-peer survey of more than 1,200 partners and executives at management consulting firms who recommended consultancies in 16 client sectors and 17 functional areas. Step two involved a survey of more than 1,150 clients who were prompted to evaluate management consultancies they worked with in the last four years.

Respondents were asked with which industries and functional areas they had collaborated, and were presented with a unique shortlist per industry or functional area based on last year's results and the recommendations collected from the expert survey. Self-recommendations were not accepted or included in the results. The final list highlights 191 companies.

"Kenway was founded to help people, and our goal since the beginning has been to offer all businesses a customized, white-glove experience and best-value solution that works for their unique needs. We are honored that our clients and industry peers recognize this, and have once again named us to this prestigious list," said Matt Kueker, CEO, Kenway Consulting.
